FROM IS A MAGAZINE ABOUT YOUTH AND CULTURE

MANIFEST

FROM is a magazine about youth and culture.

Born and based in Copenhagen, raised by Scandinavian beliefs, interested in the whole world. FROM seeks to chronicle the cornerstones of youth. The good and the bad, the hip and the 'unpretty', the deep and the superficial. FROM plots the childhood of contemporary life in images, articles, essays, short stories, statements, letters from kids, social issues, cultural debates. In pictures and in words youth is both documented and aestheticized.

FROM digs to find out 'if the kids are alright' - consider it a testimony of ways to answer this.

READERS

FROM targets kids, their parents; and everyone else, really. Individuals in the age span of 18-60 who that reflect authenticity across the art and social living of youth. People who love the beat of a big city. FROM looks at youth at the age of 5-18. You don't have to have a kid to find FROM interesting, however, you must remember how it was to be one.

From is to be found at a selected number of places:
